COMPLIANCE & TRUST

Compliance & Trust for European Private Clinics

FastClinic is designed for private multi-specialty clinics operating under EU law. Patient data protection, auditability, and interoperability are product requirements—not afterthoughts.

● **Current: synthetic data only**

● **Roadmap: production controls and national adapters**

STATUS AT A GLANCE

Clear about what exists—and what comes next.

This page separates verified demo capabilities from production requirements and future integration work.

COMPLIANCE & TRUST Compliance & Trust for European Private Clinics FastClinic is designed for private multi-specialty clinics operating under EU law. Patient data protection, auditability, and interoperability are product requirements—not afterthoughts. Curren
